**Notes:** Actual trade spread: In real trades, the spread will fluctuate with market conditions.

The spreads above mentioned only apply to general conditions and shall be subject to the real-time spreads published on the trade platform.

Day-trade forced liquidation rule: if the net value of the account is less than or equal to 20% of the initial margin, the forced liquidation will be triggered to sell the positions in the account at the market price, starting from the order with the highest loss, until such net value is higher than 20% of the initial margin.

Week-end forced liquidation rule: if the net value of the account is less than or equal to 200% of the initial margin, the forced liquidation will be triggered to sell the positions in the account at the market price, starting from the order with the highest loss, until such net value is higher than 200% of the initial margin.

Locked-Position Margin: a margin required to maintain the locked positions, equal to 25% of the sum of initial margins for the orders where such positions are locked.

Risk warning: Our services include products traded on margin and may not be suitable for all investors as you may sustain losses in excess of deposits. Be aware and fully understand all risks associated with the market
